ICF Coating System

AMERICA'S EIFS AND STUCCO COMPANY!

The **Total Direct ICF** system is a thin stucco veneer applied directly over an approved insulated concrete form construction.

It is used in both commercial and residential applications.

This system is eligible for a Total Wall system warranty when installed by a Registered Total Wall Applicator.

**Layer 1- Substrate**

Approved substrates are: Reward Wall, Arxx, Polysteel, Dow Chemical, Keeva, Owens Corning, BuildBlock, Amvic, EcoBlock, or other substrates as approved, in writing, from Total Wall, Inc.

**Layer 2- Base Coat and Reinforcing Mesh**

Approved base coats are T-2000 Base Coat, Total EZ Base NCB (Non-Cement Base), and Total Foam N' Base Coat ES. There are 5 grades of reinforcing meshes available: Standard 4 oz, Enhanced 6 oz, Intermediate 11 oz, High Impact 15 oz, and Ultra High Impact 20 oz. Both High Impact and Ultra High Impact require a second layer of Standard 4 oz reinforcing mesh.

**Layer 3- Finish Coat**

Total Wall 100% acrylic based, synthetic finishes are very high quality and are available in Premier and Journeyman grades, in eight different textures. Total Wall pre-mixed synthetic finishes can be tinted to match virtually any color.
